

**Rockwood Area School District  
Outdoor Facilities Committee  
“Adopt-a-Fence Campaign”**

Dear Community Members of Rockwood Area School District:

Community members, school board members, and school personnel have recently joined together to form an “Outdoor Facilities Committee.” The mission of the committee is to promote the improvement of the district’s outdoor facilities. As a necessary first step, the committee decided to initiate the “Adopt-a-Fence Campaign.” Installing a fence along the main driveway leading into the school, and replacing the fence along Somerset Avenue will serve to protect our current facilities, as well as any future improvements. This project will cost upwards of \$20,000, including materials and labor. **The overall cost could be reduced through contributions of both labor and equipment to support the project.**

Because of limited resources, the committee is attempting to fund the project through the “Adopt-a-Fence Campaign.” We are looking for individuals or families who are interested in adopting sections of the fence. Sections of the fence can be adopted at a cost of \$100. Donors will have their names, family name, or dedication posted on their section of the fence. In addition, individuals or families who commit resources of labor and/or equipment will have their names listed on the “Adopt-a-Fence Wall of Fame”. All donations are needed and appreciated, regardless of size. Individuals or families donating between \$10 and \$99 will also have their names listed on the “Adopt-a-Fence Wall of Fame.”

The committee is hoping to have raised enough funds and commitments of labor and equipment to begin the project this spring. The project will not begin until enough funds have been raised. Your donations are tax deductible, and if requested, you will receive a receipt for your records. Questions or concerns may be addressed to Mark Bower at (814)926-4688.

Thank you,  
Rockwood Area School District  
Outdoor Facilities Committee

Note: Please complete the attached donation form.
