

The Challenge Program, Inc.

The Challenge Program, Inc. Awards \$250.00 to Rockwood Area High School Students for Excellence

The Challenge Program, Inc. is once again offering \$250.00 cash incentives to sophomores, juniors and seniors who excel in the categories of: Academic Improvement, Attendance, Community Service and Academic Excellence. This is the 4th year The Challenge Program, Inc. has provided financial incentives to Rockwood Area High School students.

The mission of The Challenge Program, Inc. is to motivate students by providing incentives for successes they achieve while in school. The program rewards students with a "bonus" for superior performance in the categories listed above. The program also partners local businesses with schools so students can learn about career opportunities available to them in their own communities.

Partnering with The Challenge Program, Inc. to provide incentives to the students is **DRS Laurel Technologies. Ms. Carrie Liska of DRS** was on hand to address the Rockwood Area students at an Orientation Assembly held at the school on September 15th. The Challenge Program, Inc. would like to thank **DRS Laurel Technologies** for their support and commitment to the Rockwood Area High School.

For more information about The Challenge Program, Inc., visit our website at www.tcpinc.org or contact your school's guidance counselor.
